

## Project Purpose

Many Lenexa Fire Stations have been in service for 20+ years and require maintenance in kitchens and living areas. These facilities are used 24 hours per day, every day of the year.

## Project Description

This project will address aging fire station facilities. It will include the update, replacement, and remodel of living quarters and kitchens. Included are the following items: Fire Station #1 – kitchen remodel, construction of partitions in bunkroom to separate sleeping areas, replace flooring in kitchen and hallways, remodel workstation/office for Company Officer; Fire Station #2 – kitchen remodel, replace flooring in kitchen and hallways, construct partitions in bunkroom to separate sleeping areas; Fire Station #3 – construct partitions in bunkroom to separate sleeping areas; Fire Station #4 – kitchen remodel, construct partitions in bunkroom to separate sleeping areas.
